<p>Number of inmate housing units:</p> <p>Enter 0 if the facility does not have discrete housing units. DOJ PREA Working Group FAQ on the definition of a housing unit: How is a "housing unit" defined for the purposes of the PREA Standards? The question has been raised in particular as it relates to facilities that have adjacent or interconnected units. The most common concept of a housing unit is architectural. The generally agreed-upon definition is a space that is enclosed by physical barriers accessed through one or more doors of various types, including commercial-grade swing doors, steel sliding doors, interlocking sally port doors, etc. In addition to the primary entrance and exit, additional doors are often included to meet life safety codes. The unit contains sleeping space, sanitary facilities (including toilets, lavatories, and showers), and a dayroom or leisure space in differing configurations. Many facilities are designed with modules or pods clustered around a control room. This multiple-pod design provides the facility with certain staff efficiencies and economies of scale. At the same time, the design affords the flexibility to separately house inmates of differing security levels, or who are grouped by some other operational or service scheme. Generally, the control room is enclosed by security glass, and in some cases, this allows inmates to see into neighboring pods. However, observation from one unit to another is usually limited by angled site lines. In some cases, the facility has prevented this entirely by installing one-way glass. Both the architectural design and functional use of these multiple pods indicate that they are managed as distinct housing units.</p>	7

Audit Findings

Audit Narrative

The auditor's description of the audit methodology should include a detailed description of the following processes during the pre-onsite audit, onsite audit, and post-audit phases: documents and files reviewed, discussions and types of interviews conducted, number of days spent on-site, observations made during the site-review, and a detailed description of any follow-up work conducted during the post-audit phase. The narrative should describe the techniques the auditor used to sample documentation and select interviewees, and the auditor's process for the site review.

The PREA audit of the Olmsted County Adult Detention Center (Olmsted County ADC) was conducted on August 27-28, 2019 by Dorothy Xanos, US DOJ Dual Certified PREA Auditor. The audit begins with the notification of the on-site audit was posted by July 15, 2019, six weeks prior to the date of the on-site audit. The facility's last PREA audit was on October 3-4, 2016. The posting of the audit notices both English and Spanish versions was verified during the tour and verified by photographs received on the USB flash drive from the Olmsted County Sheriff's Office (OCSO) Chief Deputy/PREA Coordinator. The audit notices explained correspondence would be treated as legal mail to ensure confidentiality and privacy. The photographs indicated notices in both English and Spanish versions were posted in various locations throughout the facility including the booking area, intake area, and all seven (7) housing units. Throughout all the audit phases, the auditor did not receive any communication from the staff or from inmates as a result of the posted notices.

The auditor completed a documentation review using the Pre-Audit Questionnaire, policies, procedures, internet research, and supporting documentation for all forty-three (43) standards. The information necessary for the audit was provided on a secure USB flash drive received by August 1, 2019 and the format enabled the auditor to easily review relevant information. The documentation uploaded to the secure USB flash drive was set up with folders for each standard and the information was organized, highlighted and easy to navigate, however the information in-regards to the Pre-Audit Questionnaire and supporting documentation did not sufficiently address seventeen (17) standards. Additional folders reviewed included the agency's and facility's mission statements, daily population reports for the past twelve (12) months, and the facility's schematics. The supporting documentation for the seventeen (17) standards was provided to the auditor during the on-site and after the on-site visit to the facility.

A conference call was conducted on August 14, 2019 with the Operations Captain/PREA Compliance Manager (PCM) to review the schedule for the on-site visit, discuss the auditor's results of the Pre-Audit Questionnaire and supporting documentation provided on the secure USB flash drive and review information to be sent to the auditor prior to the on-site visit to the facility. The Olmsted County ADC Operations Captain/PCM sent the documentation (staff roster, staff schedule for random and specialized staff) to the auditor prior to arrival to the facility. Also, supporting documents were provided during the on-site visit to address the deficiencies and are summarized in this report under the related standards.

The on-site audit was conducted on August 27-28, 2019. An entrance briefing was conducted with the Chief Deputy/Director of Detention Services, Operations Captain/PREA Compliance Manager (PCM) and Administrative Captain/ PREA Compliance Manager (PCM). During the entrance briefing, the audit process was explained and a tentative schedule for two (2) days to include conducting interviews with the staff and detainees and reviewing the documentation. A complete guided tour of the entire facility was conducted including the lobby area, administration offices, staff break area, booking area, library, laundry/storage areas, property room, Sergeant's office, kitchen and loading dock, medical and mental

health area, programming area, gymnasium, master control, seven (7) housing units (male and female) and holding cells four courtroom hearings.

During the tour, detainees were observed to be under constant supervision of the staff while involved in various activities. Notification of the PREA audit was posted in all locations throughout the facility as well as postings informing detainees of the telephone numbers to call and report sexual abuse and sexual harassment and to call the victim advocate for emotional support services. The auditor observed cameras and the video surveillance system which enhances their capabilities to assist in monitoring blind spots and the review of incidents. There were no cameras installed in the shower areas, so detainees are not seen on the surveillance system while showering. During the tour, it was observed all shower areas in the male and female housing units allowed for privacy.

During the two (2) day on-site visit, there were a total of one hundred nineteen (119) detainees in the facility. Twenty-three (23) male and female detainees were randomly selected from all seven (7) housing units with a detainee list provided by the Operations Captain/PCM for the interview process. However, sixteen (16) detainees were formally interviewed and the other seven (7) detainees had been unavailable or refused to meet with the auditor. There were two (2) detainees who met two (2) of the identified categories from the required list of targeted detainee interviews. The required categories are Transgender or Intersex and Lesbian, Gay or Bi-sexual. The facility did not have any other detainees identified in the other required categories i.e. a detainee who is Limited English Proficient (LEP); youthful detainee; physical disability (Blind, Deaf or Hard of Hearing); detainee in restricted housing for high risk of sexual victimization; detainee with a cognitive disability; who reported sexual abuse and who reported sexual victimization during risk screening. All detainee interviews indicated they were well informed of their right to be free from sexual abuse and sexual harassment and how to report sexual abuse and sexual harassment using several ways of communication such as trusted staff, administrative staff, the hot line and the grievance process. Also, random file reviews of medical and detainee records and additional documentation were completed as well.

The community victims' advocacy service and telephone number are available to the detainees located throughout the facility. There is evidence of Operations Captain/PCM obtaining a Memorandum of Understanding with the Olmsted County Victim Services dated 8/14/19 to provide the victim advocacy services for the detainees who are sexual assault victims, provide free confidential crisis intervention and emotional support services related to sexual abuse or sexual assault who are calling the toll-free telephone number at the facility. Also, the auditor contacted a representative from Olmsted County Victim Services via telephone during the on-site visit and confirmed establishing a telephone number for detainees to call and to provide emotional support services. She indicated there have been no calls from detainees in the past twelve (12) months requesting emotional support services related to sexual abuse or sexual assault at this facility. Also, St. Mary's Hospital (SANE/SAFE certified) provides emergency services and forensic medical examinations at no financial cost to the victim.

Twenty-two (22) staff were formally interviewed including (8) staff from both shifts (supervisory and floor staff), (2) medical staff and (1) mental health staff (MEnD Correctional Care), (1) first responder, Operations Captain/PREA Compliance Manager/HR/staff charged with monitoring retaliation (2) upper level management, (1) intake, (1) non-medical staff/cross gender, (1) religious volunteer, (1) investigator, (1) supervise restrictive housing, (2) risk screening and were interviewed during both days of the on-site visit. Additionally, interviews were conducted with the Olmsted County Sheriff and Chief Deputy/PREA Coordinator/review team during the on-site visit. Overall, the interviews revealed the staff is knowledgeable of the PREA standards and were able to articulate their responsibilities and their mandated duty to report.

At the end of the second day, an exit briefing with a summary of the findings was conducted with the Chief Deputy/PREA Coordinator and Operations Captain/PREA Compliance Manager. At the exit

debriefing, the auditor gave an overview of the audit and commented on the on-site observations, interviews, and summarized the strengths and weaknesses after completing the Pre-Audit and On-Site Audit phases. Based on the findings during the Pre-Audit and On-Site Audit phases, the auditor still needed to complete the full evaluation during the evidence review phase of the PREA audit by reviewing all evidence collected, including policies and procedures, observations of routine practices in the facility, what the auditor learned in the course of interviewing staff and detainees, and documentation obtained while on-site in order to make a compliance determination for each standard resulting in a final report.

After further review, it was discussed additional documentation was required for seven (7) standards and it was determined this information would be sent to the auditor within the next two (2) weeks to comply with all the PREA standards. The requested information was sent to the auditor by the Operations Captain/PREA Compliance Manager prior to the submission of this report. The auditor reviewed all requested information and this facility is in full compliance with the PREA Standards.

Facility Characteristics

The auditor's description of the audited facility should include details about the facility type, demographics and size of the inmate, resident or detainee population, numbers and type of staff positions, configuration and layout of the facility, numbers of housing units, description of housing units including any special housing units, a description of programs and services, including food service and recreation. Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's

conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

A review of the Olmsted County Adult Detention Center/Work Release Facility Policy #11.01 (PREA Definitions) revised 5/26/16 and Policy #11.02 (PREA Prevention Planning) revised 4/21/16 outlines how the facility implements its approach to preventing, detecting and responding to all approaches of sexual abuse and harassment, including the definitions of prohibited behaviors as well as sanctions for staff, contractors, volunteers and detainees who had violated those prohibitions. Additionally, the policy provided comprehensive guidelines and a training foundation for implementing the facility's approach to include the zero tolerance towards reducing and preventing sexual abuse and harassment of detainees.

Olmsted County Sheriff's Office (OCSO) has a designated PREA Coordinator, his official title is Chief Deputy/Director of Detention Services and he reports directly to the Olmsted County Sheriff. The PREA Coordinator works to implement the PREA Standards and indicated he has sufficient time and authority to develop, implement and oversee the agency's efforts toward PREA compliance of two (2) facilities with the support of the Sheriff's office. The PREA Coordinator is responsible for coordinating comprehensive PREA responses including technical and administrative guidance, creation of supporting policies and practices, interpretation relative to PREA implementation, design and modification of training, programming, investigation and analysis, ensuring proper reporting, trend evaluation and provision of recommendations for improvement and compliance.

Olmsted County ADC Operations Captain is designated as their PREA Compliance Manager indicated she has sufficient time, authority to develop, implement and to oversee the facility's PREA compliance efforts to comply with the PREA standards and perform other duties as assigned. The agency's and facility's administrative roster dated 5/22/19 support the requirement of this standard. Based on the randomly selected and specialized staff and detainee interviews, the extensive staff training, the resources available to the facilities, it is evident, the executive administration has taken the PREA Standards to another level and it is reflected in their commitment to protecting the detainees in their care at the Olmsted County Adult Detention Center and Work Release Facility. Also, during the tour of the facility, the observation of postings, reviews of staff and detainee pamphlets, training curriculums confirmed the facility's commitment and dedication to create a PREA compliant culture.

The facility has a PREA reference binder located at the booking desk of the facility containing the reporting process and forms for the facility staff in the event of an incident. Overall, the auditor has determined the agency and the facility have substantially exceeded the requirements of this standard.

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

A review of the documentation and Pre-Audit Questionnaire (PAQ) confirmed Olmsted County Adult Detention Center (Olmsted County Jail) entered into/renewed one (1) agreement with the Minnesota Department of Corrections for the confinement of male and female detainees since July 1, 2018. A review of the agreement (Minnesota Department of Corrections) contained the contractor's obligations to adopt and comply with the DOJ PREA Standards. Also, the agreement contained the information the County will ensure a PREA Audit is conducted by a certified DOJ PREA auditor and a copy of the report will be provided to Olmsted County Adult Detention Center/Work Release Facility. An interview with the OCSO Chief Deputy/PREA Coordinator confirmed the Minnesota Department of Corrections has entered into agreement and is monitored on a scheduled basis by Olmsted County ADC/ADC to ensure compliance with the PREA standards.

Based on the review of the agency contract, observations and information obtained through staff interview and review of documentation, the facility has demonstrated compliance with this standard.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)

- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

A review of the Olmsted County Adult Detention Center/Work Release Facility Policy #11.02 (PREA Prevention Planning) revised 4/21/16 and Policy #2-14 (Staffing Requirements) contained the required information identifying requirements for the facility to develop a staffing plan to provide for departmental adequate staffing levels to ensure the safety and custody of detainees against sexual abuse or sexual harassment, physical plant, video monitoring, and addressed all eleven (11) categories as identified per the standard. Additionally, the policies contained information identifying the facility shall comply with staffing requirements including exigent circumstances and supervisory staff conducting unannounced rounds on a daily basis during all shifts documenting the information in staff meeting notes which contains observations of all areas of the facility. Also, the staff uses Guard 1 to track all their movements including unannounced rounds throughout the facility.

Olmsted County Sheriff's Office's Chief Deputy/PREA Coordinator reviews, approves, and signs annual staffing plans for both facilities on a quarterly basis. Documentation indicated the staffing plan, policy and procedure is reviewed on an annual basis and the facility did not have any deviations from the staffing plan during the past twelve (12) months, their critical positions are always filled, it is a mandate. The review shall assess, determine, and document whether adjustments are needed to the facility's established staffing plan, the facility's deployment of video monitoring systems and other monitoring technologies and the resources the facility has available to commit to ensure adherence to the staffing plan. Identified the requirement of unannounced rounds to be conducted by an intermediate-level and higher-level supervisor and conduct these unannounced rounds on a daily basis. These unannounced rounds must be conducted during all shifts. Supervisors are prohibited from notifying staff of unannounced rounds. Staff assigned to any post is prohibited from alerting other employees that a Supervisor is conducting rounds to identify and deter sexual abuse and sexual harassment.

OCSO's Chief Deputy/PREA Coordinator and Olmsted County ADC's Operations Captain/PCM interviews, staff interviews and documentation confirmed the OCSO's Chief Deputy/PREA Coordinator is responsible to conduct quarterly reviews of the staffing plan to ensure all areas were addressed including components such as the facility's physical plant, composition of the detainee population, number and placement of supervisory staff, programming schedules, video monitoring, training, to name a few. Also, the OCSO's Chief Deputy/PREA Coordinator's interview indicated he had reviewed and approved of the process for all supervisory staff (Corporals & Sergeants) to conduct unannounced rounds on all shifts and in all areas of the facility to monitor and deter staff sexual abuse and sexual harassment on a weekly basis and document the information by using the rounds tracker (Guard 1 reporting systems).

During the facility tour, the auditor observed the Guard 1 check points located throughout the facility and reviewed the samples provided by the Olmsted County ADC's Operations Captain/PCM of random dates for the past twelve (12) months of the rounds tracker conducted weekly by middle management

staff on each shift. In addition, during the facility tour, there were two (2) areas (kitchen & gymnasium) identified as having blind spots. A procedure will need to be implemented as to how both areas will be supervised or some form of enhanced supervision. Since the on-site visit, an additional security camera has been requested for the dry storage area located in the kitchen. Also, Olmsted County ADC's Sheriff authorized the use of body worn cameras which allows detention staff the capability of both video and audio recording of their activities and interactions with others. The auditor was provided with documentation confirming the correction had been completed. The Olmsted County ADC's Operations Captain/PCM sent the documentation to the auditor prior to the submission of the report.

Based on the review of the agency policy and procedures, observations and information obtained through staff interviews, review of documentation and the follow-up documentation, the Facility has demonstrated compliance with this standard.

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

A review of the Olmsted County Adult Detention Center/Work Release Facility Policy #9-2 (Persons Not Accepted in the Detention Center) revised 12/07/18 identified the requirement youthful detainees shall not be placed in a housing unit in which the youthful detainee will have sight, sound, or physical contact with any adult detainee through use of a shared dayroom or other common space, shower area, or sleeping quarters. Direct supervision by facility staff is required at all times, when a youthful detainee and an adult detainee have sight, sound, or physical contact with one another. Olmsted County ADC staff provides specialized housing arrangements for youthful inmates to meet the requirements of this standard. OCSO's Chief Deputy/PREA Coordinator and Olmsted County ADC's Operations Captain/PCM interviews and documentation confirmed the facility could house a youthful detainee by maintaining sight and sound separation from adult detainees.

Auditor Overall Compliance Determination

- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

A review of the Olmsted County Adult Detention Center/Work Release Facility Policy #11.02 (PREA Prevention Planning) revised 4/21/16; Policy #3-3 (Supervision of Detainees) reviewed 7/18/17 and Policy #3-13 (Searches and Contraband Control) revised 7/18/19 requires detainees shall be permitted to shower, perform bodily functions, and change clothing without nonmedical staff of the opposite gender viewing their breasts, buttocks, or genitalia, except in exigent circumstances or when such viewing is incident to routine dormitory checks. Requires cross gender frisk searches of transgender and intersex detainees will be conducted in a professional and respectful manner and in the least intrusive manner consistent with security needs. Requires the opposite gender staff shall announce their presence when entering a detainee housing unit. Also, the policy indicated any cross-gender searches are required to be documented.

Olmsted County ADC/WRF's training documentation review and staff interviews confirmed training on pat down searches, cross-gender pat searches and searches of transgender and intersex inmates are conducted in a respectful, professional manner and prohibiting cross-gender strip or cross-gender visual

body cavity searches of detainee. A transgender or intersex inmate shall not be searched or physically examined for the sole purpose of determining the detainee's genital status. If genital status is unknown, it allows for determination through detainee conversations, review of medical records, or if necessary, by learning that information as a part of a broader medical examination conducted in private by a medical practitioner.

Random staff interviews confirmed the staff of the opposite gender entering the dormitories consistently announces themselves, however the male detainee interviews indicated the female staff do not consistently announce their presence when entering the housing units. The female detainee interviews indicated male staff do consistently announce their presence when entering the housing unit. A review of the training documentation (curriculum and staff rosters) contained the annual training on how staff would professionally and respectfully conduct pat down searches, cross-gender pat searches and searches of transgender and intersex detainees. Also, the training documentation contained how staff is prohibited from conducting cross-gender strip or cross-gender visual body cavity searches of detainees. Random staff interviews indicated they had received the annual training on cross-gender pat searches and searches of transgender and intersex detainees. Also, random staff interviews were able to describe what an exigent circumstance would be and were knowledgeable of the procedures for securing authorization to conduct such a search as well as the requirements for justifying and documenting those searches.

Random staff and detainee interviews confirmed detainees can shower, perform bodily functions and change clothing without non-medical staff of the opposite gender viewing them. Staff interviews could identify the policy on prohibiting staff from searching or physically examining a transgender or intersex detainee for the purpose of determining the detainee's genital status. During the facility tour, it was observed all shower/toilet areas located in all housing units did allow for privacy.

OCSO's Chief Deputy/PREA Coordinator and Olmsted County ADC's Operations Captain/PCM interviews confirmed there has been no cross-gender pat down searches, cross-gender strip or cross-gender visual body cavity searches of detainees at the facility in the past twelve (12) months. Also, there have been no exigent circumstances of cross-gender pat down, strip or visual body cavity searches conducted of detainees at the facility in the past twelve (12) months.

After the on-site visit, the Olmsted County ADC Operations Captain/PCM sent the appropriate supplemental documentation (training & signed forms) to the auditor demonstrating corrective actions had been taken with this standard prior to the submission of this report. Also, all staff were re-trained on the policy on when entering the housing units, the opposite gender should always announce themselves.

Based on the review of the agency policy and procedures, observations and information obtained through staff and inmate interviews, review of documentation and the follow-up documentation, the facility has demonstrated compliance with this standard.

Auditor Overall Compliance Determination

Exceeds Standard (*Substantially exceeds requirement of standards*)

- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

A review of the Olmsted County Adult Detention Center/Work Release Facility Policy #11-14 (PREA Disabled and ESL Detainees) revised 4/11/16 contained procedures to be taken to ensure detainees with disabilities or who are limited English proficient have an equal opportunity to participate in or are provided meaningful access to all aspects of the facility's efforts to prevent, protect and respond to sexual abuse and sexual harassment. Efforts shall include the use of interpreters, written material, or other formats or methods that ensure effective communication with detainee's disabilities, including detainees who have intellectual disabilities, limited reading skills, who are blind or have low vision, deaf, or are Limited English Proficient (LEP). Also, the policy prohibits any staff to rely on detainee interpreters, detainee readers or any kind of detainee assistants except in limited circumstances when an extended delay in obtaining interpreter's services could compromise a detainees' safety, the performance of first-responder duties or the investigation of the detainee's allegations.

Olmsted County ADC staff had access to interpreter services (Language Line Services) through the Olmsted County Sheriff's Office to provide detainees who are limited English proficient on an as needed basis. Also, the staff indicated when services are required, they would make the necessary accommodations beginning at booking and throughout the detainee's length of stay. There are postings throughout the facility in English and Spanish. Also, the staff have access to interpreter services ("Fact Sheet") and a quick guide for booking. Staff training documentation, power point and brochure contained information on providing appropriate explanations regarding PREA to detainees based upon their individual needs. The facility's staff provides the PREA education at booking and documents the information electronically. During the on-site visit, there were no detainees who were blind, deaf, or hard of hearing, or who had a cognitive disability.

Random staff interviews indicated limited knowledge of the outside agency providing services to the facility however, the staff would not rely on the use of detainee assistants in relation to reporting allegations of sexual abuse or sexual harassment except in limited circumstances when an extended delay in obtaining interpreter's services could compromise a detainees' safety, the performance of first-responder duties or the investigation of the detainee's allegations.

Interviews with the OCSO's Chief Deputy/PREA Coordinator and Olmsted County ADC's Operations Captain/PCM confirmed in the past twelve (12) months, the facility did not have any instances of detainee interpreters, detainee readers or detainees disabled being used for reporting allegations of sexual abuse or sexual harassment. Also, the OCSO's Chief Deputy/PREA Coordinator and Olmsted County ADC's Operations Captain/PCM indicated if a detainee exhibits such a disability, arrangements will be made to provide the necessary and required assistance.

After the on-site visit, all staff were re-trained on interpreter services provided at the facility and the process on how to obtain these services. The Olmsted County ADC's Operations Captain/PCM sent

the appropriate supplemental documentation to the auditor demonstrating corrective actions had been taken with this standard prior to the submission of this report.

Based on the review of the agency policy and procedures, observations and information obtained through staff interviews, review of documentation and the follow-up documentation, the facility has demonstrated compliance with this standard.

Requires a continuing affirmative duty for employees to disclose any such conduct. Requires a criminal background records check is completed prior to enlisting services of any contractor who may have contact with detainees and a criminal background records check is completed at least every five (5) years for current employees and contractors, and annually for sensitive specialist assignments.

OCSO has extensive initial background screening requirements that includes the screening for criminal record checks, possible checks on criminal convictions and pending criminal charges, access to local, state and federal criminal databases to conduct background checks, checking intelligence files, detainee telephone and visiting records, driving records check, and best efforts to contact all prior institutional employers for information on substantiated allegations of sexual abuse and any resignation during a pending investigation or an allegation of sexual abuse. The agency conducts 5-year background checks for all employees, volunteers and contractors. There is an affirmative duty to disclose any arrests or previous misconduct. Any material omission by an employee is subject to termination.

An interview with the Olmsted County ADC's Operations Captain/PCM interview confirmed the process on the facility performing criminal background checks to consider the pertinent civil or administrative adjudications for all newly hired employees who may have contact with detainees, all employees who are considered for promotion and every five (5) years. However, the three (3) questions regarding past conduct are not asked during the hiring process. The agency provides information to requests from institutional employers where an employee has applied to work.

A sample review of staff's and volunteer's HR files had documentation on staff completing varied forms containing the criminal background information (NCIC) but did not contain the three (3) questions regarding past misconduct (sexual abuse or sexual activity in an institutional setting, community, or if the staff has been civilly or administratively adjudicated). A review of the five (5) year background checks of the employees' documentation was completed. Once an individual is approved for hire, the new employee begins the training/orientation process and is provided with an OCSO Employee Handbook.

After the on-site visit, Olmsted County Adult Detention Center/Work Release Facility Policy #11-15 (PREA Hiring and Promotion) was updated to include the three (3) questions regarding past conduct. Also, an additional form (PREA Background Questions) was created and implemented at the facility with the newly hired employees. The Olmsted County ADC's Operations Captain/PCM sent the appropriate supplemental documentation to this auditor demonstrating corrective actions had been taken with this standard prior to the submission of this report.

Based on the review of the agency policy and procedures, observations and information obtained through staff interview, review of documentation and the follow-up documentation, the facility has demonstrated compliance with this standard.

Standard 115.18: Upgrades to facilities and technologies

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.18 (a)

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does

not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

A review of the Olmsted County Adult Detention Center/Work Release Facility Policy #11-02 (PREA Prevention Planning) revised 4/21/16 and Policy #3-27 (Body Worn Cameras) revised 1/02/18 requires all designing or acquiring new facilities and in planning substantial expansion or modification of existing facilities to consider the effect of the design, acquisition, expansion, or modification upon the facility's ability to protect detainees from harm, including sexual abuse. Requires any installing or updating of video monitoring systems, electronic surveillance systems, or other monitoring technology to be considered how such changes may enhance the facility's ability to protect detainees from harm, including sexual abuse.

An interview with the OCSO's Chief Deputy/PREA Coordinator, Olmsted County ADC's Operations Captain/PCM and documentation review indicated there have been no major modifications to the facility and no upgrades to the video monitoring system for the past twelve (12) months. However, in the past several years three (3) security cameras were added to key areas within the facility and staff body cameras. Also, the staff body cameras are activated during all well-being checks and any time there is a concern for security and safety. During the on-site visit, the video surveillance system was observed in the Olmsted County ADC's Operations Captain/PCM's desktop. The video surveillance system enhances the staff's capabilities to assist in monitoring blind spots and the review of incidents. Additionally, this enables the staff to monitor detainees more efficiently throughout the physical plant of the facility. The administrative staff is continually evaluating the electronic surveillance system and video monitoring.

Based on the review of the agency policy and procedures, observations and information obtained through the interview and documentation, the facility has demonstrated compliance with this standard.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

A review of the Olmsted County Adult Detention Center/Work Release Facility Policy #11-03 (Responsive Planning) revised 3/24/16 and Policy #11-11 (PREA Medical and Mental Health Care) revised 1/04/19; Olmsted County Sheriff's Office (OCSO) Policy #601 (Sexual Assault Investigations) and Policy #800 (Property and Evidence) revised 4/04/19 requires, when requested by the victim, a victim advocate, qualified agency staff member, or qualified community-based organization staff member to accompany and support the victim through the forensic medical examination process and investigatory interviews and shall provide emotional support, crisis intervention, information and

referrals. A qualified mental health/counseling staff member or qualified community-based staff member includes an individual who has been screened for appropriateness to serve in this role and has received education concerning sexual assault and forensic examination issues in general. Requires a history be taken by a health care professional who will conduct a forensic medical examination to document the extent of physical injury. Such examinations shall be performed by Sexual Assault Forensic Examiners (SAFEs) or Sexual Assault Nurse Examiners (SANEs) where possible. There will be no financial cost to the detainee for this examination. Requires an administrative or criminal investigation for all allegations of sexual abuse and sexual harassment and requesting the investigating agency follow the requirements of PREA Standards. Additionally, it requires protocols for informed consent, confidentiality, reporting to law enforcement, and reporting to investigative agencies.

The community victims' advocacy service and telephone number are available to the detainees located throughout the facility. There is evidence of Olmsted County ADC's Operations Captain/PCM obtaining a Memorandum of Understanding with the Olmsted County Victim Services dated 8/14/19 to provide free confidential crisis intervention and emotional support services related to sexual abuse or sexual harassment detainees. Any detainee seeking services can call the toll-free telephone number. Also, St. Mary's Hospital (SANE/SAFE certified) provides emergency services and forensic medical examinations at no financial cost to the victim. The auditor contacted a representative from the Olmsted County Victim Services via telephone during the on-site visit and confirmed establishing a telephone number for detainees to call and to provide confidential emotional support services related to a fear of sexual abuse that may occur at the facility. She indicated there have been no calls from detainees in the past twelve (12) months requesting emotional support services related to sexual abuse or assault. Also, the Olmsted County Victim Services representative indicated the victim would be provided with a victim advocate to accompany and support the victim through the forensic medical examination process and investigatory interviews and provides emotional support, crisis intervention, information, and referrals as needed.

The facility has available the PREA pamphlet "End the Silence" and identifies for the detainees to call or write the OCSO's PREA Coordinator or Olmsted County Adult Detention Center/Work Release Facility PREA Compliance Manager. Documentation and an interview with the OCSO's Chief Deputy/PREA Coordinator confirmed Olmsted County Sheriff's Office's Investigative Division conducts the criminal investigations of allegations of sexual abuse and sexual harassment. Random staff interviews confirmed their knowledge on evidence protocol and their role as first responders. Also, staff confirmed how to preserve evidence until local law enforcement officers arrived at the facility. Olmsted County Adult Detention Center's medical and mental health staff interviews indicated the facility will offer all victims access to forensic medical examinations without financial cost. In the past twelve (12) months, there has been no allegation where a victim required a forensic medical examination.

Based on the review of the agency policy and procedures, observations and information obtained through staff interviews and review of documentation, the facility has demonstrated compliance with this standard.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

A review of the Olmsted County Adult Detention Center/Work Release Facility Policy #11-07 (Response to Detainee Report) revised 4/21/16 and Policy #11-08 (PREA Investigation-Evidentiary Standards) revised 4/11/16 requires all allegations of sexual abuse or sexual harassment are referred for investigation to an agency with the legal authority to conduct criminal investigations, unless the allegation does not involve potentially criminal behavior, and to document all such referrals. Requires notification to local law enforcement of all verified incident of sexual abuse of a detainee by a staff member, contractor, or volunteer and sexual abuse between detainees/detainees shall be referred to the local law enforcement agency of jurisdiction for investigation and consideration of criminal prosecution. Requires that all investigators shall receive the general PREA training provided to all employees, and specialized training in conducting sexual abuse investigations in confinement settings that includes techniques for interviewing sexual abuse victims, proper use of Miranda and Garrity warnings, sexual abuse evidence collection in confinement settings, and criteria and evidence required to substantiate a case for administrative action or prosecution referral. Requires an administrative and/or criminal investigation for all allegations of sexual abuse or sexual harassment.

All staff is required to refer all alleged incidents of sexual abuse and sexual harassment for investigation to the Olmsted County Sheriff's Office Investigations Division for the determination of criminal charges. OCSO Investigations Division provides services on a 24-hour basis that will include the responsibility of investigating allegations of sexual abuse by qualified staff who have received training concerning sexual abuse and forensic examination issues. The staff refers all allegations of sexual abuse and sexual harassment to the OCSO's Chief Deputy/PREA Coordinator to review the complaint and determine if the facility staff will conduct the investigation. If the allegation appears to be criminal in nature the OCSO's Chief Deputy/PREA Coordinator will consult with the OCSO's Investigations Division for assignment to an OCSO Criminal Investigator. If referred to the facility, the OCSO's Chief Deputy/PREA Coordinator will contact the facility's PREA Compliance Manager and assign the investigation a case number in the data base for completion of an administrative investigation. The PREA policy can be found on the OCSO's website and information can be found in their PREA pamphlet "End the Silence" that is available in English and Spanish.

Olmsted County ADC had received (5) allegations of sexual misconduct, sexual harassment and sexual abuse resulting in administrative investigations in the past twelve (12) months. The facility did not have any allegations resulting in a criminal investigation. Random staff interviews confirmed their knowledge on the reporting, referral process and policy's requirements but did not know the agency who conducts the administrative and criminal investigation in response to an allegation of sexual abuse and sexual harassment.

Interviews with the OCSO's Chief Deputy/PREA Coordinator, Olmsted County ADC Operations Captain/PCM and one of the OCSO Investigators confirmed the agency ensures an administrative or criminal investigation is completed for all allegations of sexual misconduct, sexual abuse or sexual harassment. Also, any internal investigation that identifies criminal activity or involves a staff member would be immediately referred to the OCSO's Investigations Division. The OCSO Investigator informs OCSO's Chief Deputy/PREA Coordinator on the progress of a sexual abuse investigation. Also, if the allegation involves a staff member, the investigation would be referred to the Rochester Police Department to avoid a conflict of interest. There is no memorandum of understanding necessary since the detectives and detention/work release staff are all employed by the Sheriff's Office.

After the on-site visit, all staff were re-trained on who conducts the administrative and criminal investigations in response to an allegation of sexual abuse and sexual harassment. The Olmsted County ADC Operations Captain/PCM sent the appropriate supplemental documentation to this auditor demonstrating corrective actions had been taken with this standard prior to the submission of this report.

Based on the review of the agency policy and procedures, observations and information obtained through staff interviews, review of documentation and the follow-up documentation, the facility has demonstrated compliance with this standard.

A review of the Olmsted County Adult Detention Center/Work Release Facility Policy #2-20 (Training Requirements) revised 4/03/18 requires an in-depth PREA Training upon initially becoming an employee (entry level training) as well as refresher training annually. All the PREA training provided to employees statewide contains all ten (10) topics consistent with this standard's requirements and is tailored to both facilities with the gender of their detainee populations. These topics consist of: zero-tolerance policy, how to prevent, detect, report and respond to allegations of sexual abuse and sexual harassment, detainee's right to be free from sexual abuse and sexual harassment, staff and detainees rights to be free from retaliation for reporting sexual abuse and sexual harassment incidents, dynamics of sexual abuse and sexual harassment in confinement, common reactions of sexual abuse and sexual harassment victims, how to detect and respond to signs of threatened and actual sexual abuse and how to distinguish between consensual sexual contact and sexual abuse between detainees, how to avoid inappropriate relationships with detainees, how to communicate effectively and professionally with detainees, including LGBTI, and gender nonconforming detainees, and relevant laws related to mandatory reporting of sexual abuse to outside authorities. Also, the staff receives training on professional and ethical boundaries relating not only to PREA but to their role as an employee.

The staff training documentation including a power-point presentation and staff interviews confirmed staff receives PREA training during initial pre-service training and during refresher in-service training. All employees are trained as new hires regardless of their previous experience. All new employees receive the OCSO Employee Handbook on prevention strategies to maintain a professional atmosphere, understand their responsibilities for all the different training modules and tested upon completion of the initial PREA training.

A review of all staff and training education forms, including a power point presentation, lesson plan, training certificates, observation of the day-to-day operations as well as staff interviews confirmed staff receives PREA training during initial training and during refresher training. Also, the Olmsted County ADC Operations Captain/PCM and random staff interviews confirmed their comprehension of the PREA guidelines on how staff and detainees can privately report sexual abuse and sexual harassment and their obligation in preventing, detecting and reporting any allegation of sexual abuse and/or sexual harassment. At the facility, the staff is trained continually about the PREA standards during shift briefings and the completion of various on-line trainings. Additionally, all staff are required to complete every two (2) years in-service PREA training. Employee training records are maintained electronically.

Based on the review of the agency policy and procedures, observations and information obtained through staff interviews and review of documentation, the facility has demonstrated compliance with this standard.

- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

A review of the Olmsted County Adult Detention Center/Work Release Facility Policy #11-04 (Detainee Education) revised 4/03/18 requires mandatory PREA information, both orally and in writing and in a form understandable to the detainee, that includes information about sexual misconduct, background information on PREA, prevention/intervention, self-protection, reporting and treatment/counseling, and confidentiality. Requires during the initial intake process, detainee education on the zero-tolerance policy and how to report incidents or suspicions of sexual abuse and sexual harassment. Requires within thirty (30) days detainees shall receive comprehensive education regarding their right to be free from sexual abuse and sexual harassment and to be free from retaliation for reporting such incidents, and all Olmsted County ADC/WRF policies and procedures for responding to such incidents. Requires

repeated education when a detainee is transferred to a different facility. Also, both facilities are required to provide the PREA information for Limited English Proficient detainees, and those with disabilities such as limited reading skills, deaf or visually impaired.

The assigned detention staff provides and reviews with the detainees verbally this information (Olmsted County ADC pamphlet entitled “End the Silence”) immediately upon arrival during their initial intake to the facility. The information clearly states the facility has zero tolerance for sexual abuse and harassment complete with definitions, examples, tips for avoiding sexual abuse and harassment, their right to report and multiple ways they can report any such instances, both within the facility and to an outside agency, etc. The detention staff maintains documentation of detainee participation in any education sessions. Key information is continuously and readily available in both formats: the detainee handbook and on the kiosk. During the facility tour, the auditor observed the posters throughout the facility as well as the information in both English and Spanish and detainees identified the postings as another source of information for them.

Interviews with three (3) detention staff confirmed detainees receive appropriate education information regarding safety, their rights to be free from sexual abuse, sexual harassment, retaliation, reporting and the agency’s response to allegations upon arrival and again within several days. Upon arrival, the detainee will process through booking, intake (intake PREA education), medical, mental health, and eventually meets with detention staff to conduct the screening and assessment process. The detainees are provided with the PREA pamphlet (“End the Silence”), narrative of the information being verbally presented is on how to report allegations and how to access emotional support services. Also, the detainee signs a PREA acknowledgement form confirming they received the information on how to report sexual abuse or sexual harassment at the facility.

Documentation of detainee’s signatures were reviewed and confirmed during detainee interviews. Also, a review was conducted of the detainee PREA education forms and the information was provided within the appropriate time frames as required by the standard. Random detainee interviews stated they received this information the same day they arrived at the facility and identified the receipt of the pamphlet and confirmed receiving information about the facility’s rules against sexual abuse and sexual harassment.

Based on the review of the agency policy and procedures, observations and information obtained through staff and detainee interviews, review of documentation, the facility has demonstrated compliance with this standard.

These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

A review of the Olmsted County Adult Detention Center/Work Release Facility Policy #11-08 (PREA Investigations - Evidentiary Standards) revised 4/11/16 and Olmsted County Sheriff's Office Policy #601 (Sexual Abuse Investigations) revised 4/04/19 requires all investigators are properly trained in conducting investigations in confinement settings. The required training includes: Techniques for interviewing sexual abuse victims; Proper use of Miranda and Garrity Warnings; Sexual abuse evidence collection in confinement settings and the criteria and evidence required to substantiate a case for administrative or prosecution referral. All investigators under-go an extensive training developed by Olmsted County Sheriff's Office prior to conducting criminal and administrative investigations. At the facility level, the Operations Captain/PCM will conduct an initial inquiry into the alleged allegation of sexual abuse or sexual harassment, subsequently conduct an administrative investigation and when necessary refer the information to the OCSO's Investigations Division for further investigation for the determination of criminal charges.

Also, per policy and procedure administrative investigations will include an effort to determine whether staff actions or failures to act contributed to the abuse and will be documented in written reports that include a description of the physical and testimonial evidence, the reasoning behind credibility assessments, and investigative facts and findings.

Documentation and an interview with one of the investigators from the OCSO's Investigations Division confirmed completing the required specialized investigator training as well as the annual PREA education. The OCSO Investigator indicated the specialized investigation training consisted of interviewing techniques, Miranda warnings, Garrity warnings, sexual abuse evidence collection, and the criteria and evidence to substantiate a case for administrative or prosecution referral. At the facility level, the Operations Captain/PCM will complete the initial inquiry into the alleged allegation of sexual abuse or sexual harassment, subsequently conduct an administrative investigation and when necessary refer the information to the OCSO's Investigations Division for further investigation for the determination of criminal charges. Criminal investigations are documented in a written report that contains a thorough description of physical, testimonial and documentary evidence and attaches copies of all documentary evidence where feasible. Substantiated allegations of conduct that appears to be criminal will be referred for prosecution.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

A review of the Olmsted County Adult Detention Center/Work Release Facility Policy #9-7 (Detainee Classification) revised 5/26/16 and Policy #11-5 (PREA Risk Screening) revised 8/04/16 requires prior

to placement as part of the screening process each detainee is screened upon admission during the booking process with an objective screening instrument (Questionnaire: PREA Screening) for risk of victimization, potential vulnerabilities or sexual abusiveness tendencies to act out with sexually aggressive predatory behavior. Requires all detainees to be assessed during intake screening and upon transfer to another facility for their risk of being sexually abused by other detainees or sexually abusive toward other detainees. Requires intake screening include: mental, physical or developmental disabilities, age, physical build, prior incarcerations, criminal history (violent and non-violent), prior convictions for sex offenses against an adult or child, prior acts of sexual abuse, prior convictions for violent offenses, history of prior institutional violence or sexual abuse, prior sexual victimization, perception of vulnerability, and if the detainee is or is perceived to be LGBTI or gender nonconforming. Prohibits discipline of the detainee for refusing to answer screening questions.

Random detainee interviews and a review of the documentation confirmed the risk screenings are being conducted within several hours of the booking process. Each detainee is screened with an objective screening instrument for risk of victimization and sexual abusiveness called "Questionnaire: PREA Screening" and within seventy-two (72) hours a mental health practitioner will conduct an initial Mental Health Screening. Interviews with two (2) detention staff confirmed a screening is completed on each detainee during the booking process within several hours upon arrival at the facility to determine placement and their special needs. Also, during the on-site visit, the auditor while interviewing asked the staff to explain the intake process. Both detention staff provided details of the intake process by explaining when a detainee is admitted to the facility. Also, both detention staff confirmed the detainees are provided the information and made aware of their rights within the seventy-two (72) hours and some cases within twenty-four (24) hours of admission to the facility. Those detainees who score vulnerable to victim or sexually aggressive are included into their system, as well as receiving further assessments, as identified.

The intake screening is used in combination with information about personal history, medical and mental health screenings, conversations, classification assessments as well as reviewed court records and case files. The screening is conducted to include any disabilities, age, physical build, current and previous incarcerations, personal history, violent offenses, LGBTI status, mental illness, prior victimization and assaultive behaviors. Detainees reporting prior victimization, according to staff, are referred immediately for a follow-up with medical or mental health staff. These referrals to medical or mental health staff are documented. Detainees are reassessed at a minimum of thirty (30) days and throughout their stay at the facility. The facility's policies limit staff access to this information on a "need to know basis". Access to information is available only to the OCSO's Chief Deputy/PREA Coordinator and Olmsted County ADC's Operations Captain/PCM. The facility had one (1) transgender and no intersex detainees admitted to the facility within the past twelve (12) months. Both detention staff interviews confirmed consideration would be given to the detainee's own views of his or her safety in placement and programming assignments.

Based on the review of the agency policy and procedures, observations and information obtained through staff and detainee interviews, review of documentation, the facility has demonstrated compliance with this standard.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)

- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

A review of the Olmsted County Adult Detention Center/Work Release Facility Policy #9-7 (Detainee Classification) revised 5/26/16 precludes gay, bi-sexual, transgender and intersex detainees being placed in a special housing unit, beds or other assignments based solely on their identification or status. In addition, the policy describes the screening and assessment process and how that information, along with information derived from medical and mental health screening and assessments, records reviews, database checks, conversations and observations, is used to determine a detainee's appropriate placement, housing and bed assignments, as well as work, education, and program assignments with the goal of keeping all detainees safe and free from sexual abuse. The program staff utilizes various forms (Questionnaire: PREA Screening and Consideration for Placement of Transgender or Intersex Detainees) and any other pertinent information during the detainee's admission process.

Placement and programming assignments for each transgender or intersex detainee shall be reassessed at least twice each year to review any threats to safety experienced by the detainee. The mental health staff will complete a six (6) month reassessment of housing and programs for all transgender and intersex detainees. The staff member must meet with the detainee to discuss their program and housing needs and to ensure their current assignments are still appropriate. Olmsted County ADC/WRF prohibits the placement of LGBTI detainees in dedicated facilities, units, or wings solely on the basis of their identification or status.

Olmsted County ADC's Operations Captain/PCM and the detention staff interviews described how information from their risk assessment precludes gay, bi-sexual, transgender and intersex detainees being placed in a special housing unit, beds or other assignments based solely on their identification or status. In addition, they described the screening and assessment process and how information, along with information derived from medical and mental health screening and assessments, records reviews, database checks, conversations and observations, is used to determine a detainee's appropriate placement, housing and bed assignments, as well as work, education, and program assignments with the goal of keeping all detainees safe and free from sexual abuse. The risk assessment information is reviewed within seventy-two (72) hours, if there is an incident of sexual abuse, upon request, or if there is receipt of additional information a detainee is at risk of sexual victimization or abusiveness. Also, staff indicated a detainee's perception of risk is addressed and provision will be made on a case-by-case basis for showering changes.

Documentation review confirmed the risk assessment occurred within seventy-two (72) hours and the detainee received the rescreening as required within thirty (30) days. The facility does not have a designated housing unit for gay, bisexual, transgender or intersex detainees. During the on-site visit, a detainee list was provided by the Operations Captain/PCM. The facility had one (1) detainee who identified as transgender during the on-site visit and the auditor was able to ask the detainee of concerns regarding his or her placement, his or her safety, and request to shower separately. The

facility has seven (7) housing units that contain single secure cells with individual sinks and toilets. Each housing unit has a shower area that allows for privacy and a dayroom/multipurpose area. Isolation is not utilized at the facility as a means of protective custody. An interview with the Operations Captain/PCM confirmed isolation is not utilized at the facility as a means of protective custody.

Based on the review of the agency policy and procedures, observations and information obtained through staff and detainee interviews, review of documentation, the facility has demonstrated compliance with this standard.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

A review of the Olmsted County Adult Detention Center/Work Release Facility Policy #9-7 (Detainee Classification) revised 5/26/16 and Policy #11-5 (PREA Risk Screening) revised 8/04/16 requires detention staff who identify detainees as high risk of sexual victimization or detainees alleged to have suffered sexual abuse should not normally be placed in restrictive housing without their consent unless it has been determined that there is no available alternative means of separation from likely abusers.

Olmsted County Adult Detention Center has a designated housing unit for special management detainees. All detainees are screened and could be determined placement in special management on intake status during booking process. Detainees in need for special management are reclassified to general population by the classification committee which is comprised of security staff, medical and mental health staff, program staff, social workers, booking staff and the Operations Captain/PCM. The committee discusses the best housing unit for the detainee and makes a recommendation.

Also, placement in restrictive housing must be clearly documented on the basis for the concern for the detainee's safety and the reason why no alternative means of separation can be arranged. Requires that involuntary assignment to restrictive housing shall only be long enough for alternative means of separation from likely abusers can be arranged, but no longer than thirty (30) days. Requires detainees placed in restrictive housing shall have access to programs, privileges, education, and work opportunities to the extent possible while ensuring their safety. Any restrictions of programs, privileges, education and work opportunity, duration of the limitation and the reasons for the limitation will be clearly documented in the detainee's record.

Interviews with the OCSO Chief Deputy/PREA Coordinator and the Olmsted County ADC Operations Captain/PCM confirmed there have been no detainees placed in involuntary restrictive cells in the past twelve (12) months. Also, they indicated if a detainee is placed in involuntary restrictive cells for their own protection, the detainee would have access to programs, privileges, education and work only if there is no safety concern. This information would be documented and reviewed by the detention staff on a weekly basis. They confirmed every thirty (30) days if a detainee is placed in an involuntary restrictive cell, a meeting is held with classification committee to determine if the detainee should continue in restrictive housing.

Based on the review of the agency policy and procedures, observations and information obtained through staff interviews and review of documentation, the facility has demonstrated compliance with this standard.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

A review of the Olmsted County Adult Detention Center/Work Release Facility Policy #11-6 (Inmate Reporting) revised 4/21/16 requires the agency to provide multiple ways for detainees to report sexual abuse and sexual harassment, retaliation by other detainees or staff for reporting sexual abuse or sexual harassment, and staff neglect or violation of responsibilities that may have contributed to such incidents. The various ways of reporting include request via kiosk to Captain of Operations; request via kiosk to nursing; telephone call to Olmsted County Sexual Assault Crisis line programmed as a free call and in person or written to a staff member. Requires staff shall accept reports made verbally, in writing, anonymously, and from third parties and shall promptly document verbal reports as an "Incident Reporting" form. Requires a detainee method of reporting must include reporting to an outside public or private entity or office that is not part of the agency and is able to receive and immediately forward detainee reports of sexual abuse and sexual harassment to agency officials, allowing the detainee to remain anonymous upon request. Also, the department has provided a method for staff to privately report sexual abuse and sexual harassment of detainees.

Olmsted County ADC has multiple ways for detainee reporting of sexual abuse and sexual harassment, retaliation by other detainees or staff for reporting sexual abuse and sexual harassment, and staff neglect or violation of responsibilities that may have contributed to such incidents. Also, during the orientation process detainees are advised they can tell any staff member, including volunteers, who are trained and required to report all allegations of sexual abuse or sexual harassment and in writing through the grievance procedure.

Random detention staff interviews confirmed they will accept allegations of sexual abuse or sexual harassment verbally, in writing, anonymously, and from third parties and report to their supervisor. While conducting the on-site visit of the entire facility, the auditor observed in all living areas postings of the PREA information (posters) informing detainees of the telephone numbers to call against sexual abuse and sexual harassment and to call the victim advocate. The kiosk located in the dayrooms has identified the zero-tolerance policy and the telephone numbers to call the Olmsted County Victim Services crisis line, duty supervisor, law enforcement dispatch and the Director of Detention Services. Also, the auditor observed if a detainee telephones any of the numbers posted it would not be anonymous.

There is evidence of Olmsted County ADC's Operations Captain/PCM obtaining a Memorandum of Understanding with the Olmsted County Victim Services dated 8/14/19 to provide free confidential crisis intervention and emotional support services related to sexual abuse or sexual harassment detainees. Any detainee seeking services can call the toll-free telephone number. Also, St. Mary's Hospital (SANE/SAFE certified) provides emergency services and forensic medical examinations at no financial

cost to the victim. The auditor contacted a representative from the Olmsted County Victim Services via telephone during the on-site visit and confirmed establishing a telephone number for detainees to call and to provide confidential emotional support services related to a fear of sexual abuse that may occur at the facility. She indicated there have been no calls from detainees in the past twelve (12) months requesting emotional support services related to sexual abuse or assault. Also, the Olmsted County Victim Services representative indicated the victim would be provided with a victim advocate to accompany and support the victim through the forensic medical examination process and investigatory interviews and provides emotional support, crisis intervention, information, and referrals as needed.

Random detainee interviews indicated several ways to report sexual abuse and sexual harassment by telephoning the hotline, speak with a staff they trust, send an email through the kiosk system and anonymous reporting capability. During the intake and admission process detainees are advised of their rights and sign a form acknowledging they had been advised of these rights.

After the on-site visit, a procedure was implemented for the Olmsted County Victim Services to access the electronic request system. This allows the detainee to submit an allegation of sexual abuse or sexual harassment anonymously through the electronic request system. All staff were trained on the new procedure. The Olmsted County ADC Operations Captain/PCM sent the appropriate supplemental documentation to this auditor demonstrating corrective actions had been taken with this standard prior to the submission of this report.

Based on the review of the agency policy and procedures, observations and information obtained through staff interviews, review of documentation and the follow-up documentation, the facility has demonstrated compliance with this standard.

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.52 (a)

- Is the agency exempt from this standard? NOTE: The agency is exempt ONLY if it does not have administrative procedures to address inmate grievances regarding sexual abuse. explicit policy, the agency does not have an administrative remedies process to address sexual abuse. Yes No

115.52 (b)

- If the agency claims the maximum allowable extension of time to respond of up to 70 days per 115.52(d)(3) when the normal time period for response is insufficient to make an appropriate decision, does the agency notify the inmate in writing of any such extension and provide a date by which a decision will be made? (N/A if agency is exempt from this standard.) Yes No NA
- At any level of the administrative process, including the final level, if the inmate does not receive a response within the time allotted for reply, including any properly noticed extension, may an inmate consider the absence of a response to be a denial at that level? (N/A if agency is exempt from this standard.) Yes No NA

115.52 (e)

- Are third parties, including fellow inmates, staff members, family members, attorneys, and outside advocates, permitted to assist inmates in filing requests for administrative remedies relating to allegations of sexual abuse? (N/A if agency is exempt from this standard.) Yes No NA
- Are those third parties also permitted to file such requests on behalf of inmates? (If a third-party files such a request on behalf of an inmate, the facility may require as a condition of processing the request that the alleged victim agree to have the request filed on his or her behalf, and may

also require the alleged victim to personally pursue any subsequent steps in the administrative remedy process.) (N/A if agency is exempt from this standard.) Yes No NA

- If the inmate declines to have the request processed on his or her behalf, does the agency document the inmate's decision? (N/A if agency is exempt from this standard.)

(N/A if agency is exempt from this standard.)
 Yes No NA
- After receiving an emergency grievance described above, does the agency provide an initial response within 48 hours? (N/A if agency is exempt from this standard.) Yes No NA
- After receiving an emergency grievance described above, does the agency issue a final agency decision within 5 calendar days? (N/A if agency is exempt from this standard.)

- Does the initial response document the agency's action(s) taken in response to the emergency grievance? (N/A if agency is exempt from this standard.) Yes No NA
- Does the agency's final decision document the agency's action(s) taken in response to the emergency grievance? (N/A if agency is exempt from this standard.) Yes No NA

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)

Does Not Meet Standard (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

A review of the Olmsted County Adult Detention Center/Work Release Facility Policy #8-5 (Detainee Grievance Procedure) revised 4/19/18 allows a detainee to submit a grievance regarding an allegation of sexual abuse with no time limit. This allows for third parties, including fellow detainees, staff members, family members, attorneys, and outside advocates, to assist detainees in filing requests for administrative remedies relating to allegations of sexual abuse, and permitted to file such requests on behalf of detainees. It allows the facility to request the alleged victim to agree to third party grievances alleging sexual abuse. If a detainee declines to have the request processed, the facility will document the detainees' decision. Prohibits the requirement a detainee must first use an informal grievance process, or to otherwise attempt to resolve with staff, when reporting an allegation of sexual abuse. It allows a detainee to submit a grievance without submitting to a staff member who is the subject of the complaint and prohibits the agency from referring the grievance to a staff member who is the subject of the complaint. Also, the policy describes the orientation detainees receive explaining how to use the grievance process to report allegations of abuse and has administrative procedures/appeal process for dealing with detainee's grievances regarding sexual abuse or sexual harassment.

Requires a final agency decision within ninety (90) days on any portion of a grievance that alleges sexual abuse, and that the ninety (90) days shall not include time consumed by detainees preparing any administrative appeal. It allows the department to claim an extension of time to respond to a grievance, up to seventy (70) days, with notification to the detainee. It establishes an emergency grievance for a detainee that is subject to a substantial risk of imminent sexual abuse, including an initial response within 24 hours and a final response within five (5) days. Prohibits the discipline of a detainee for filing a grievance related to sexual abuse only where the agency demonstrates that the detainee filed the grievance in bad faith.

An interview with the Olmsted County ADC's Operations Captain/PCM confirmed there had been three (3) grievances reported within past twelve (12) months related to sexual abuse or sexual harassment complaints. She indicated emergency grievances are available and she reports they must respond within 24 hours and provide a final determination within five (5) days. The Operations Captain/PCM confirmed the detainees receive an explanation on how to use the grievance process to report allegations of sexual abuse and has administrative procedures/appeal process for dealing with detainee's grievances regarding sexual abuse or sexual harassment during orientation and they are provided with a detainee rule book.

Detainees submit a complaint (grievance) electronically through the Turnkey kiosk to Olmsted County WRF's Administrative Captain/PCM or ADC's Operations Captain/PCM. Random detention staff interviews confirmed they will accept allegations of sexual abuse or sexual harassment verbally, in writing, anonymously, and identified the electronic process through the Turnkey kiosk. However, the staff indicated they would contact the supervisor immediately to begin an internal investigation. Random detainee interviews confirmed there is a grievance process relating to sexual abuse or sexual harassment complaints at the facility and they can send electronically through the Turnkey kiosk.

Based on the review of the agency policy and procedures, observations and information obtained through staff and detainee interviews and review of documentation, the facility has demonstrated compliance with this standard.

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

A review of the Olmsted County Adult Detention Center/Work Release Facility Policy #11-6 (Inmate Reporting) revised 4/21/16 requires the facilities provide to detainees outside victim advocate for emotional support services, access to confidential legal counsel and the facility to provide reasonable communication between detainees, these organizations and agency, in as confidential a manner as possible. The facility shall inform detainees prior to giving them access, of the extent to which such communication will be monitored and the extent to which reports of abuse will be forwarded to authorities in accordance with mandatory reporting laws.

There is evidence of Olmsted County ADC's Operations Captain/PCM obtaining a Memorandum of Understanding with the Olmsted County Victim Services dated 8/14/19 to provide free confidential crisis intervention and emotional support services related to sexual abuse or sexual harassment detainees. Any detainee seeking services can call the toll-free telephone number. Also, St. Mary's Hospital (SANE/SAFE certified) provides emergency services and forensic medical examinations at no financial

cost to the victim. The auditor contacted a representative from the Olmsted County Victim Services via telephone during the on-site visit and confirmed establishing a telephone number for detainees to call and to provide confidential emotional support services related to a fear of sexual abuse that may occur at the facility. She indicated there have been no calls from detainees in the past twelve (12) months requesting emotional support services related to sexual abuse or assault. Also, the Olmsted County Victim Services representative indicated the victim would be provided with a victim advocate to accompany and support the victim through the forensic medical examination process and investigatory interviews and provides emotional support, crisis intervention, information, and referrals as needed.

The facility has available the PREA pamphlet “End the Silence” and identifies the facility has zero tolerance for sexual abuse and harassment complete with definitions, examples, tips for avoiding sexual abuse and harassment, their right to report and multiple ways they can report any such instances, both within the facility and to an outside agency, etc. Outside services information is provided to the detainees during the orientation process. However, detainee interviews revealed limited knowledge of what kind of services are provided to them. The detention staff will be providing additional education to future detainees on victim advocate services during their orientation process.

After the on-site visit, all staff were re-trained on who provides free confidential emotional support services (Olmsted County Victim Services) and to provide additional education to future detainees on outside advocate services during their orientation process. The Olmsted County ADC’s Operations Captain/PCM sent the appropriate supplemental documentation to the auditor demonstrating corrective actions had been taken with this standard prior to the submission of this report.

Based on the review of the agency policy and procedures, observations and information obtained through staff and detainee interviews, review of documentation and the follow-up documentation, the facility has demonstrated compliance with this standard.

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

A review of the Olmsted County Adult Detention Center/Work Release Facility Policy #11-6 (Inmate Reporting) revised 4/21/16 identifies the agency's third party reporting process and instructs staff to accept third party reports from any source, provides information for anyone who sees or suspects sexual abuse, sexual harassment, or victimization of any kind. OCSO website provides the public with information regarding third-party reporting of sexual abuse or sexual harassment on behalf of a detainee. There are two (2) separate reporting options for the receipt of third-party reports of sexual abuse or sexual harassment. The detainee may contact the Chief Deputy/Director of Detention Services/PREA Coordinator or the Olmsted County Victim Services. The information reported directly to the Chief Deputy/Director of Detention Services/PREA Coordinator will inform the Olmsted County ADC's Operations Captain/PCM.

Random staff and OCSO Investigator interviews confirmed when they receive allegations of sexual abuse or sexual harassment from third party reporters and these are reported to investigators as if a detainee made the allegation. Third party reporters included fellow detainees, staff members, family members, attorneys, and outside advocates, shall be permitted to assist detainees in filing requests for administrative remedies relating to allegations of sexual abuse, and shall also be permitted to file such requests on behalf of detainees.

The auditor viewed the website, confirmed the information regarding third-party reporting and the link to send an e-mail directly to the Chief Deputy/Director of Detention Services/PREA Coordinator. Also, an interview with the Chief Deputy/Director of Detention Services/PREA Coordinator confirmed and described the process for third-party reporting sexual abuse or sexual harassment. Random detainee interviews confirmed their awareness of reporting sexual abuse or harassment to others outside of the facility. There are facility posters and lobby area identifying a phone number for friends and families of detainees to call if they wish to report sexual abuse or sexual harassment. This number goes directly to the Chief Deputy/Director of Detention Services/PREA Coordinator and Olmsted County Victim Services, where the call is referred for investigation through a report to the individual facility.

Based on the review of the agency policy and procedures, observations and information obtained through staff and detainee interviews and review of documentation, the facility has demonstrated compliance with this standard.

Information related to a sexual abuse report shall not be released to anyone other than to the extent necessary, as specific in the procedures, to make treatment, investigation, and other security and management decisions. All facility staff are mandated reporters and receive information on clear steps on how to report sexual abuse and to maintain confidentiality through the facility's protocol and/or training.

Olmsted County ADC/WRF has identified the reporting process for all staff employed, contracted or who volunteer to immediately report any knowledge, suspicion or information they receive regarding sexual abuse and sexual harassment, retaliation against detainees or staff who report any incidents or any staff neglect or violation of responsibilities that may have contributed to an incident or retaliation. Random detention staff interviews including medical and mental health staff confirmed the requirement to report any knowledge, suspicion or information of sexual abuse or sexual harassment and have received this training annually during in-service. The staff would complete an incident report with the details of any incidents that would occur in the facility in compliance with this standard and they are prohibited from sharing information with anyone who is not part of the investigation or reporting process.

Interviews with Olmsted County ADC's medical and mental health staff confirmed their responsibility to inform detainees their duty to report and their limitations of confidentiality. Both the OCSO Chief Deputy/PREA Coordinator and Olmsted County ADC Operations Captain/PCM indicated that all alleged sexual abuse or sexual harassment reports, regardless of where the information came from, is reported immediately to the OCSO Chief Deputy/PREA Coordinator. A review of the allegation of sexual misconduct revealed the investigation began immediately upon receipt of the information.

Based on the review of the agency policy and procedures, observations and information obtained through staff interviews and review of documentation, the facility has demonstrated compliance with this standard.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)

Does Not Meet Standard (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

A review of the Olmsted County Adult Detention Center/Work Release Facility Policy #11-8 (PREA Investigation Evidentiary Standards) revised 4/11/16 requires all staff to refer all alleged incidents of sexual abuse or harassment to Olmsted County Sheriff's Office for criminal investigations. Staff refers all allegations of sexual abuse and harassment to the OCSO Chief Deputy/PREA Coordinator to review the complaint and determine if the facility staff will conduct the investigation. If the allegation appears to be criminal in nature the OCSO Chief Deputy/PREA Coordinator will consult with the Investigations Division for assignment to one (1) of the investigators. If referred to the facility, the OCSO Chief Deputy/PREA Coordinator will contact Olmsted County ADC Operations Captain/PCM to assign the administrative investigation for completion. Requires each facility to cooperate with the assigned investigator and shall remain informed as to the progress of the investigation. The report shall include a description of the physical and testimonial evidence, the reasoning behind credibility assessments, and investigative facts and findings.

Also, the policies require investigations to be confidential and all interviews to be conducted in private; an investigation cannot terminate based on the department of the complaint's alleged victim or perpetration from the agency employment or control, or if the source of the allegation recants; the credibility of an alleged victim, subject or witness must be assessed on an individual basis and never be determined by the person's status as an detainee or staff; investigation records to include, but not limited to investigations reports, transcripts of statement, copies of documentation relevant to the investigation, and all related material from other agency incidents as applicable; investigations must include an effort to determine whether staff actions or failures to act contributed to the incident being investigated and must be documented in writing to include investigative facts and findings.

Requires the credibility of any person shall be assessed on an individual basis. Administrative investigations include an effort to determine whether staff actions or failures to act contributed to the abuse. Requires both administrative and criminal investigations shall be documented in written reports that shall include a description of the physical and testimonial evidence, the reasoning behind credibility assessment, and the investigative facts and findings. Requires all allegations of criminal conduct be referred for prosecution. Requires an investigation not stop should the alleged abuser or victim depart from the employment or control of the facility or agency. Requires all case records associated with claims of sexual abuse or sexual harassment including all documentation be retained for as long as the alleged abuser is incarcerated or employed by the agency, plus five (5) years.

Requires all investigators shall receive special training in sexual abuse investigations before conducting PREA investigations, and all investigations of allegations of sexual abuse or sexual harassment shall be done promptly, thoroughly, and objectively for all allegations, including third-party and anonymous reports. Requires the gathering and preserving of direct and circumstantial evidence, including physical and DNA evidence and electronic monitoring data, interviews, and reviews of prior complaints and reports of sexual abuse involving the suspected perpetrator. Requires consultation with prosecutors before conducting compelled interviews and prohibits the use of a polygraph examination or other truth-telling device as a condition for proceeding with an investigation.

Documentation review and an interview with the OCSO Investigator confirmed he completed the required specialized investigator training as well as the annual PREA education. The investigator indicated all allegations are investigated, regardless of how the information is initially obtained and reported that investigations begin immediately upon notification. All allegations of sexual abuse or sexual harassment receive an administrative investigation whether it was through the facility, victim, third party or law enforcement, depending on the type of allegation. An investigation begins with information regarding the allegation, a review of the incident report, interview with the victim, alleged perpetrator, witnesses and evidence gathering. The evidence collected is not limited to videos, statements, and prior complaints. Also, if an allegation is determined to contain criminal elements, the investigation would be referred to Olmsted County Sheriff's Office Investigations Division.

The OCSO Investigator interview confirmed the credibility of the victim is based on evidence found, and that no polygraph examination or truth-telling device is a condition for proceeding with an investigation. Also, the investigator indicated an investigation does not cease until completed, regardless if the alleged perpetrator is released or resigns employment, or if the victim leaves the facility prior to the completion of the investigation.

A review of five (5) investigation files of sexual misconduct, sexual harassment and sexual abuse resulting in administrative investigations in the past twelve (12) months. The facility did not have any allegations resulting in a criminal investigation. - Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

A review of Olmsted County Adult Detention Center/Work Release Facility Policy #11-9 (Reporting to Detainees) revised 7/28/16 requires any detainee who makes an allegation he or she suffered sexual abuse is informed in writing, contains the process for notifying detainees and whether the allegation proves substantiated, unsubstantiated or unfounded following an investigation. The policy further requires following a detainee's allegation if a staff member has committed sexual abuse against the detainee, the facility informs the detainee unless the allegations are "unfounded" whenever the staff member is no longer posted within the detainee's unit; the staff member is no longer employed at the facility; Olmsted County ADC/WRF learns the staff member has been indicted or convicted on a charge related to sexual abuse within the facility. Investigations involving detainee-on-detainee allegations of sexual abuse, OCSO Chief Deputy/PREA Coordinator notifies the Olmsted County ADC Operations Captain/PCM who will then inform the detainee whenever the facility learns that the alleged abuser has been indicted or convicted on a charge related to sexual abuse within the facility.

Interviews with the Olmsted County ADC Operations Captain/PCM and OCSO Investigator confirmed all investigation outcomes whether the allegation proves substantiated, unsubstantiated or unfounded following an investigation, are completed and the documentation is maintained with the investigation. The staff utilizes a "Narrative Report" form to advise the detainee of the investigation outcome. The five (5) investigation files reviewed were unfounded and unsubstantiated and therefore one (1) notification was required to the detainee according to policy and procedure

Based on the review of the agency policy and procedures, observations and information obtained through staff interviews and review of documentation, the facility has demonstrated compliance with this standard.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor’s analysis and reasoning, and the auditor’s conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

A review of the Olmsted County Adult Detention Center/Work Release Facility Policy #11-11 (PREA Medical and Mental Health Care) revised 1/04/19 requires ongoing medical and mental health care for sexual abuse victims and abusers. This will include medical and mental health evaluation and treatment, follow-up services, treatment plans and referrals. Requires pregnancy tests, as necessary and timely access to all lawful pregnancy-related medical services. Requires offered tests for STD’s as

medically appropriate. Requires treatment services to be free of financial cost regardless of whether the victim names the abuser or cooperates with any investigation arising out of the incident. The facility is required to provide such victims with medical and mental health services consistent with the community level of care. Both facilities are required to attempt to conduct a mental health evaluation of all known detainee-on-detainee abusers within fourteen (14) days of learning of such abuse history and offer treatment when deemed appropriate by mental health practitioners.

Olmsted County ADC's medical and mental health staff interviews confirmed victims are offered a sexual assault assessment, individual counseling, referral to the psychiatrist, medications as ordered by the physician, laboratory testing for STD and HIV and follow-up. The Olmsted County ADC's medical and mental health staff interviews indicated the mental health plan for services would include individual or group treatment, including trauma resolution and PTSD, as well as follow-up. Also, the mental health staff would conduct mental health evaluations of all known detainee-on-detainee abusers and offer treatment services within fourteen (14) days. Also, mental health staff would have all detainees receive a mental health evaluation during their first few weeks at the facility.

Victims of sexual abuse will be transported to the St. Mary's Hospital, a victim advocate will be provided, receive treatment and physical evidence can be gathered by a certified SANE medical examiner. There is a process in place to ensure staff track on-going medical and mental health services for victims who may have been sexually abused and medical staff track the follow-up medical visits. Mental health staff completes an evaluation and follow-up for mental health visits. There have been no investigations of alleged detainee's sexual abuse that occurred in the facility in the past twelve (12) months. The medical and mental health staff have a protocol in place to assist detainees upon discharge from the facility to continue services if needed.

Based on the review of the agency policy and procedures, observations and information obtained through the staff interviews and review of documentation, the facility has demonstrated compliance with this standard.
