

# Roll-Off Guide

## Municipal Solid Waste (Garbage)

Everything you throw in this roll-off container will be brought to the Olmsted Waste-to-Energy Facility (OWEF) where it will be used as fuel to create steam. The steam is used for electrical generation and to heat and cool buildings on the Olmsted County District Energy System.

By keeping the following unacceptable waste items out of your roll-off bin, you help protect the people who handle your waste, the County's waste disposal facilities, and the environment from potential harm.

## Unacceptable Waste

### Appliances

### Electronics

### Hazardous Materials

### Mattresses

### Recyclables

### Construction & Demolition Debris

### Yard Waste

THERE'S A PROPER PLACE  
FOR YOUR WASTE  
IN OL MSTED COUNTY

For information on how to properly dispose of these items, visit [olmstedwaste.com](http://olmstedwaste.com) and enter them into the Waste Wizard.
