

Greater Zumbro River Watershed

Comprehensive Watershed Management Plan

The Plan includes the Zumbro River Watershed & a portion of the Mississippi River–Lake Pepin Watershed

Project Update Volume 1 Fall 2019

Plan Progress

The Zumbro River Watershed Partnership has accomplished key tasks in the Plan development since the Policy Committee first met in February 2019.

Accomplishments:

- Public Kick-off Meeting with over 60 in attendance
- Resident Survey mailed to 800 households in the watershed and available online for input on priority concerns
- First Technical Advisory Group (TAG) meeting to hear priority concerns for the watershed from the State Review Agencies

Waterside Chats & Issue Prioritization

Mantorville Thursday, October 24th 2019
Zumbro Valley Recreation Club 6 -8 PM

Mazeppa Thursday, November 7th 2019
Mazeppa Community Center 6 -8 PM

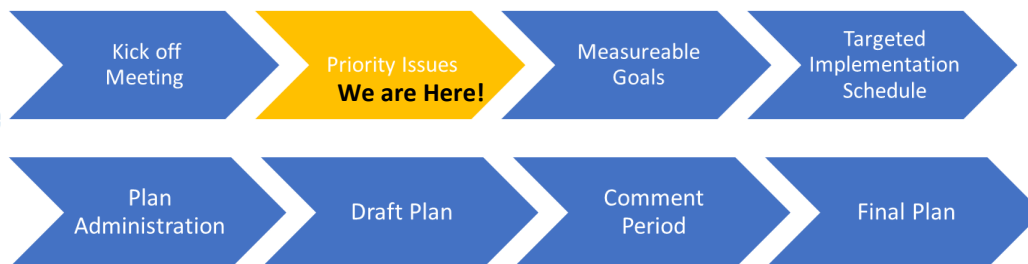

Lake City Thursday, November 14th 2019
Sportsman's Club 6 -8 PM

You are invited to “Waterside Chats” located in 3 communities throughout the watershed. Priority resources and issues have been identified from local and state plans, studies, reports, state agency feedback, and resident surveys. Now, we need your input on the prioritization of these water and natural resources issues! Your feedback will be used to formulate the final list of priority issues that will be addressed in this 10 year plan.

Zumbro River Downstream of the Green Bridge (A stop on the [Zumbro River State Water Trail](#))

Plan Timeline

The Partnership: Counties & SWCDs of Dodge, Goodhue, Olmsted, Rice Wabasha, City of Rochester & Bear Valley Watershed District.
