Building the foundation of a vibrant community

Project Location

Building the foundation of a vibrant community

Anticipated Schedule

2022-2023	Design
Spring 2023	Right of Way Acquisition
2023	Plan Production and Permitting
Winter 2023-24	Tree Clearing
2024-25	Construction

Building the foundation of a vibrant community

Existing Issues

- Poor Roadway Condition
- Poor Sight Lines – Hills/Valleys and Curves
- Narrow Roadway with No Shoulders – Steep Ditches
 - Inconsistent Ditches/Waterways
- Roadway has overtopped with Flooding

Building the foundation of a vibrant community

Existing Roadway – County 5

Existing Roadway – County 25

Building the foundation of a vibrant community

2019 Overtopping – County 5

Building the foundation of a vibrant community

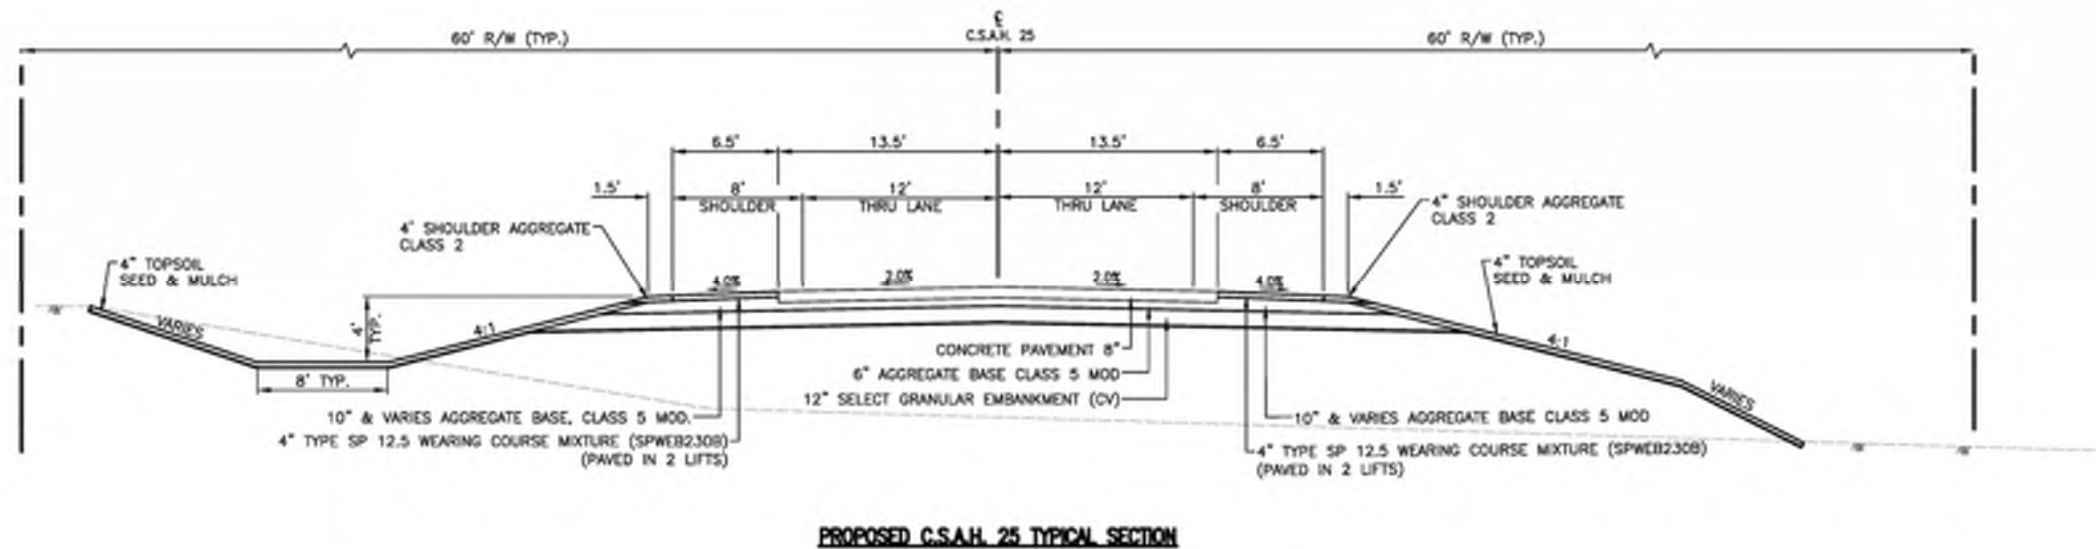

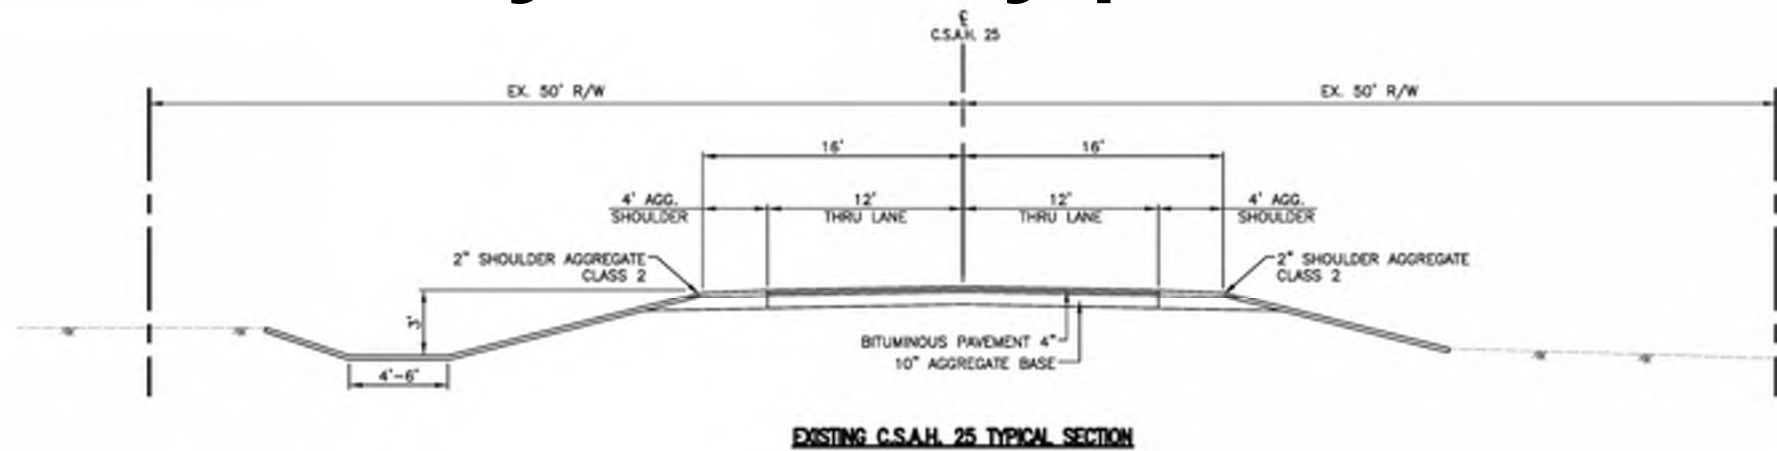

Design Solutions

- Reconstruct Roadway in Concrete – 50 year design life
 - Improve sight lines to meet standards
- Reconstruct with Standard Typical Section – Meets expectations and is consistent with other County Roads in the Area
- Regrade ditches to standard size to improve flow and deal with storm events
 - Raise low areas of roadway and improve culvert crossings to address 50 year storm event from North and West.
