Use this form to order a death certificate for a person deceased in Minnesota. If we cannot find the death record you request, we will send you a certified Statement of No Death Record Found.

NOTE: County offices generally provide the fastest vital records service; in-person requests can often be fulfilled while you wait. Certified records of deaths from 1997 to the present are available from any Minnesota county. Records for 1908 to 1997 deaths are only available from the county of death or Minnesota Department of Health. Pre-1908 records are only available from the county where the death occurred.

It's illegal to give false information to obtain a vital record, and it may subject you to fines, jail time, or both. (Minnesota Statutes 144.227)
